Re: *UBS Securities LLC and UBS Loan Finance LLC v.
The Finish Line, Inc., and Genesco Inc.* (Case No.: 07-CV-10382 (LAP/MHD))

Dear Judge Preska:

In anticipation of trial commencing on March 3, 2008, the parties to this action collectively request permission to bring six trial presentation laptops, twelve additional laptops for LiveNote viewing purposes, three switching devices, two internal hard-drives, all necessary cabling and Blackberry devices for all counsel. In addition, in order to alleviate crowding in the courtroom, the parties would also like permission to have LiveNote streaming outside of the Courthouse, through hardwiring. Counsel for each party will ensure that any and all of the foregoing devices that have internet capability, whether wireless or otherwise, will not be used to access the internet at any time while in the Courthouse, with the exception of the standard e-mail service available through the Blackberry devices.

If the Court is agreeable to the installation and use of the foregoing requested equipment and capabilities, we request an order authorizing the installation and use of this equipment.

Respectfully submitted,

Vincent P. Schmeltz III

*Counsel and others may
not use Blackberries in
the courtroom during the
proceedings, and wireless
capabilities shall be turned
off during proceedings.*
